

DISC BRAKE CROSS REFERENCE

– 1 –

10” Deemax brakes are 100% interchangeable with Reliable/Kodiak.

12” Deemax disc brakes partially compatible with Reliable/Kodiak.

Deemax rotor is larger diameter than the Reliable/Kodiak rotor. They are not interchangeable.

Deemax caliper mounting is different than Reliable/Kodiak mounting to accommodate the increase in rotor diameter and is not interchangeable.

Deemax calipers are the same for both 10” and 12” and are 100% interchangeable with Reliable/Kodiak.

Replacement rotor for 10” oil bath Deemax/Kodiak/Reliable is 250-029518

Replacement rotor for 12” oil bath Kodiak/Reliable is 250-029522

Replacement rotor for 12” oil bath Deemax is 250-034010

UFP disc brake components are not interchangeable with any other disc brakes.
