To: ECN Distribution List

From: EZ Loader Engineering Department

Effective Date: 7/5/2021

ECN# 1230

Re: Old Style Bunk Risers Replaced

To make the bunk riser design uniform across all models, and to help reduce parts, the design style of the bunk risers used on some older trailers has been updated to the current, new design. This requires a few new parts to make the design uniform.

The affected drawings and locations are as follows:

Description:

TEZGC 26 7500 D1X
TIASB 29 16000 ELE/HYD D3X
TIASB 31 16000 ELE/HYD D3X
TIASB 33 16000 ELE/HYD D3X
TIASB 35 16000 ELE/HYD D3X
TIA102SB 28 11500 D3X
TAB 19Z 4650 ELE/HYD D2X
TAB 22Z 8500 D2X
