

EZ LOADER Engineering Update Memo

To: ECN Distribution List

From: EZ Loader Engineering Department

Effective Date: 7/5/2021

ECN# 1231

Re: TIAMSF License Plate Light Revision

The currently used 12-24 Volt license plate light has been discontinued by the manufacturer. It has been replaced and requires different hardware and revised parts for mounting.

The affected drawings and locations are as follows:

Description:	Location:
TIAMSF 25 9000 D3X	TRAILER DRAWINGS/OEM/SAFEBOAT

If you have any questions please call.

Thank you,
EZ Engineering
